

PROJECT MANAGEMENT PROFESSIONAL (PMP®)

COURSE OVERVIEW

A Project Management Professional (PMP®) is a highly sought after course by all professionals who directly undertake projects or handle teams in their organizations. PMP certification is considered the Gold standard in Project Management.

Course Highlights

Lots of people can pass tests but cannot apply their knowledge to the tasks at hand, as it takes practice and wisdom which cannot be only from “book learning”. Undertake IMC’s intensive instructor-led PMP certification training programs to not only help you crack the PMP exam in one go but also cultivate the appropriate trust, people skills and leadership necessary to make projects successful.

PMP® COURSE OVERVIEW

This PMP course is created in complete alignment with the PMI-PMP 2021 exam and undertaken by an Authorized Training Partner Instructor (ATP) from PMI.
